SCHEDULE 1 TO THE BYLAWS

Process for Election of Officers

The elections shall be supervised by the Registrar. The Registrar may be assisted by scrutineers.

Before the first regular meeting of the newly elected Council each year or any other Council meeting designated for the purpose by Council resolution, the Registrar shall send an invitation to all Council Members requesting any person wishing to stand for election to the offices of the President, Vice-President and Executive Committee member to indicate so, in writing, to the Registrar.

A Member's written intent must be supported by the signatures of two other Council Members and be returned to the Registrar no later than 5:00 p.m. on the day before the meeting of Council when the election of officers shall take place.

At the meeting of Council when the election of officers shall take place, the Registrar shall present the names of eligible candidates who have indicated their interest for the position of President.

Where there is only one nominee for a position, that person shall be elected by acclamation. In the event that there is more than one candidate for the office, the voting shall be conducted by ballot, with the result being tabulated and then recorded and reported by the Registrar. Where there are insufficient nominations for a position, nominations can be made from the floor.

Before the vote, candidates shall be given the opportunity to speak briefly (order to be determined by lot). The election of a candidate shall be confirmed by a majority vote of those present and voting. Where no candidate receives a majority vote, the candidate receiving the fewest votes shall be disqualified and the Council shall, by ballot, vote on the remaining candidates until one candidate receives a majority vote.

In the event of a tie, a second ballot shall take place. Candidates shall have an opportunity to speak briefly before the vote. If the second ballot also results in a tie, the winning candidate shall be determined by lot.

The results of each election shall be tabulated and reported by the Registrar, with the number of votes accorded to each candidate to remain confidential.

Once the President is elected, the Vice-President shall be elected in a similar manner. Once the Vice-President has been elected, the remaining Executive Committee positions shall be filled in a similar manner ensuring that there are an appropriate number of Registrants and Public Members.

Once the election is completed, the Registrar shall call for a motion to destroy the ballots.

The elected members of the Executive Committee may then speak briefly.

SCHEDULE 4 TO THE BYLAWS

Code of Ethics for the Homeopathy Profession

Note to Readers: In the event of any inconsistency between this document and the legislation that affects homeopathic practice, the legislation governs.

College publications contain practice parameters and standards which should be considered by all Ontario homeopaths in the care of their patients and in the practice of the profession. College publications are developed in consultation with the profession and describe current professional expectations. It is important to note that these College publications may be used by the College or other bodies in determining whether appropriate standards of practice and professional responsibilities have been maintained.

INTENT

This schedule is intended to outline, in broad fashion, the obligations to which Registrants of the College of Homeopaths of Ontario (hereafter referred to as the College) are expected to adhere in their relationships with the public, patients, fellow practitioners and other health care professionals.

PREAMBLE

The College recognizes that:

- One of the underlying principles of the *Regulated Health Professions Act, 1991* (RHPA) is to permit the public to exercise freedom of choice of health care provider within a range of safe options.
- Registrants are required to practise within the Homeopathic scope of practice set out in the *Homeopathic Act, 2007*, in providing ethical and competent patient centred care.

Through individual practitioners and the collective work of the College, professional associations, and homeopathic schools, there is an increasing awareness by the public, employers and other healthcare professionals of the practice of homeopathy as a primary health-care option in Ontario's integrated healthcare system. The public is entitled to safe, effective and ethical care performed by knowledgeable, skilled, and accountable practitioners in accordance with the professional standards of the College. Each Registrant will provide individualized and competent care, recognizing the patient's particular needs, and respecting their cultural background.

Each homeopath acts, at all times, in a manner as to justify public trust and confidence, to uphold and enhance the good standing and reputation of the profession, to serve the interest of society, and above all to safeguard the best interests of individual patients.

In all professional undertakings, including but not limited to the therapeutic relationship, Registrants respect the practice of homeopathy and adhere to the characteristics of an ethical homeopath. Within the context of these values and principles, registrants fulfill their professional obligations.

The Principles of Professional Ethics is a set of values intended to provide all registrants with information about the College's expectations of ethical conduct. It is a framework that describes the boundaries of acceptable professional practice. The Principles of Professional Ethics is a critical and enforceable element of the College's programs and as such, it is crucial that all registrants are knowledgeable about the contents of this document. Additionally, this document is intended to assist patients and other members of the public to better understand the components of ethical care that they should expect from a homeopath.
