<sup>11</sup> **Secondary Direct Client Contact Hours** means the student has an active role in reviewing and monitoring the patient's case. It may include direct patient contact within small groups, case work through a combination of observation, analysis and case work-up leading to a remedy selection. The student must have the opportunity to directly or indirectly pose questions to the patient. Secondary Clinical Practice Hours occur under supervision\* and demonstrate increased understanding and independence of the student leading to Primary Direct Client Contact Hours. It is expected that the supervisor provides direct feedback to the student.

<sup>2</sup> **Primary Direct Client Contact Hours** means the student has direct contact with the patient and under supervision the student has the primary responsibility to manage the patient's case from initial contact to the conclusion of at least one follow-up visit. The successful completion of Primary Clinical Practice Hours will lead the student to independent practice.

\*Supervisors must meet the clinical practice experience supervision criteria set by the College of Homeopaths of Ontario.
